Coalition of Homeless Services Providers

In 1994, the closure of the Fort Ord military base presented a unique opportunity that led to the creation of the Coalition of Homeless Services Providers. The CHSP is a 501(c)(3) Corporation formed in 1994. Its primary purpose was to collaboratively address the issues of homelessness in Monterey County by accessing former Fort Ord military surplus properties under the Stewart B. McKinney Act. This vision was accomplished over the next five years by assisting the 11 original member organizations to acquire significant funding and access housing and related buildings to serve as transitional housing programs. Today, the CHSP continues to assist member agencies in developing and sustaining these properties as opportunities become available through the master leasing or resale process. The CHSP now includes 11 members, one associate member and six community advisors.

The Community Action Partnership (CAP) was established in 1964 during President Johnson’s “War on Poverty.” CAP funding today is drawn down through Community Services Block Grants. The CAP is designated by the County Board of Supervisors to specifically provide a focal point to coordinate and plan for the provision of community services that support, assist, and empower low-income people and to improve their quality of life. The CAP engages in three major activities to achieve this mission: contracting with nonprofit and public agencies for services, collaborating with community stakeholders, and supporting educational community activities.

In partnership with the Coalition of Homeless Services Providers, the Community Action Partnership has compiled this guide to assist the community in connecting to resources that serve the homeless and at-risk populations in Monterey County.

This guide to homeless services in Monterey County is comprised of public and non-profit resources. The guide is not exhaustive and every effort has been made to include accurate and current information. Services in the community are frequently changing and the details regarding specific services provided should always be confirmed directly by the individual agency. The inclusions of services into this guide do not imply recommendation or endorsement.
