

Pathways to Safety ...

Program Outcomes

April 1, 2014 – March 31, 2015

Dear Community,

The Pathways to Safety team is pleased to present this 8th Annual Program Outcomes Report (A data snapshot) to the community. This report provides a snapshot of the scope of our early intervention activities and documents the impact of our work with Monterey County families. We continue to evaluate every call that comes into the child abuse and neglect hotline for a community based response through Pathways to Safety. In this regard, Monterey County continues to be on the leading edge of implementing Differential Response programming in California. This past year marked an important change in family engagement and case management services. Door to Hope, a long time partner, has assumed responsibility for Path 2 & Path 3 services. Community Human Services now provides Path 1 services. The ACTION Council continues to be the primary community partner working with Monterey County Department of Social & Employment Services Family & Children Services Division to implement Pathways to Safety, with our role focusing on quality assurance, data support, training, evaluation, and model fidelity.

I'm glad to report that transitions and changes of the past have year have been successful both in structure and in program outcomes. As you will see in the pages of this report, the work we do with families continues to demonstrate strong results. Through the collective efforts of all our partners that comprise the Pathways team – and the families they serve – we continue enjoy success in keeping kids safe in their homes and out of the child welfare system.

Best regards,

Larry Imwalle
Executive Director, ACTION Council

Data Summary Tables

The following tables represent summary information from our 2014-2015 program year.

Referral Totals		Total N	ETO-CMS Match
Path I/EO	Referrals	1127	630
	Children	1203	727
Path II/10	Referrals	1169	1044
	Children	1506	1372
Path III/Imd	Referrals	599	129
	Children	747	157
