

Pathways to Safety ...

Program Outcomes

April 1, 2015 – March 31, 2016

Dear Community,

The Pathways to Safety team is pleased to share this 9th Annual Program Outcomes Report (a data snapshot) to the community. This report provides a snapshot of the scope of our early intervention activities and documents the impact of our work with Monterey County families. We continue to evaluate every call that comes into the child abuse and neglect hotline for a community based response through Pathways to Safety. In this regard, Monterey County continues to be on the leading edge of implementing Differential Response programming in California. The family engagement and case management services in our community continue to be provided by Door to Hope (Path 2 & Path 3 services) and Community Human Services (Path 1 services). The Action Council continues to be the primary community partner working with Monterey County Department of Social & Employment Services Family & Children Services Division to implement Pathways to Safety, with our role focusing on quality assurance, data support, training, evaluation, and model fidelity.

The work we do with families continues to demonstrate strong results! Through the collective efforts of all our partners that comprise the Pathways team – and the families they serve – we continue to enjoy success in keeping kids safe in their homes and out of the child welfare system.

Best regards,

Larry Imwalle
Executive Director, Action Council

Data Summary Tables

The following tables represent summary information for our 2015-2016 program year.

Referral Totals		ETO-CMS	
		Total N	Match
Path 1	Referrals	1197	844
	Children	1303	936
Path 2	Referrals	1244	1144
	Children	1666	1544
Path 3	Referrals	616	147
	Children	802	173

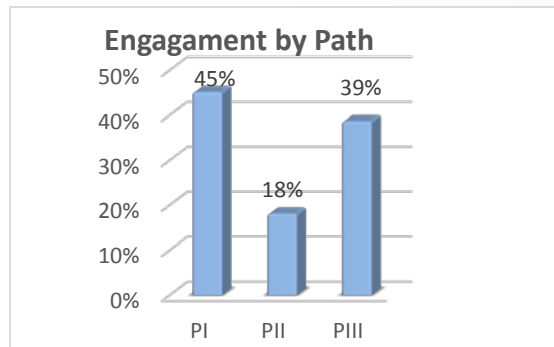

Demographics:

Gender	Demographics		
	EO	10 Day	IMD
Male	429	781	89
